

# EuroPass Mobility

Successful participants are awarded with the EuroPass Mobility. Therefore a special event is arranged to meet other beer lovers as well. As a special testimonial this EuroPass Mobility is a helpful document for further job applications and personal career.

Read more: [www.europass-info.de/dokumente/mobilitaet/](http://www.europass-info.de/dokumente/mobilitaet/)

At this event a special beer is brewed: The "YEAST # X EuroBrew"

## Reports

All participants have to hand in their reports in due time. There are three different reports required: The so-called "Online-Report" to be given to the fund providing organization and two reports given to VHD e.V.

You'll find detailed information in the **YEAST Info Document** to be found at: [www.yeast-project.eu](http://www.yeast-project.eu)

## Insurance

Regardless of personal insurance already held, this basic insurance is compulsory. The fund providing organization has got a very clear notation about its coverage.

VHD e.V. is going to support participants to finalize an appropriate insurance and can grant a special discount to its members.

# Application

Please apply in English via email at: [application@yeast-project.eu](mailto:application@yeast-project.eu)

To help with your application please provide the following three documents:

curriculum vitae (CV)  
incl. cover letter (CL)  
language pass (LP)

Read more at: [www.europass-info.de](http://www.europass-info.de) and fill in your documents online.

Further information about application and the project itself can be found in the

### YEAST Info Document

to be found on the project's website:

[www.yeast-project.eu](http://www.yeast-project.eu)

The project is open to all vocational schools teaching brewers and maltsters in Germany.

Being a main partner:

A printed copy of the document is always kept in the brewer's department of **Berufsschule Main-Spessart**.

**Please help to simplify organization and hand in your application more than six months in advance!**

## Young European Apprentices' Special Training

### THE project for brewers and maltsters since 2014!

VHD e.V. receives Erasmus+ EU- funds to organize work placements till 2020 for:

Apprentices (two weeks duration)

Skilled workers (60 days; participants have to finish their work placement latest one year after passing their exam)

Teachers / advisors (one week)

Incoming partners (one week)

This is a unique opportunity to get to know people and trends in foreign countries, to get in touch with extraordinary beer and special ways to brew it. Participants will encounter a wide variety of work methods and experience new and exciting cultures.

# YEAST Project Partners:

Vereinigung der  
Haus- und Hobbybrauer  
in Deutschland e.V.

The German Homebrewers Association was founded in Kulmbach in 1995.

In 2017 almost 600 members throughout Germany (including a handful outside Germany) are organised in the association to share and profit from brewing experience of the other members.

There is a big yearly event called

**“Haus- und Hobbybrauertage - HHBT”.**

Members and invited guests meet there on the weekend after the 3<sup>rd</sup> of October to exchange knowledge about beer.

YEAST participants brew in the YEAST # X EuroBrew and are awarded with the EuroPass Mobility

SCOTTISH CRAFT BREWERS

Supporting Craft Brewing in Scotland  
Est. 1997

Already founded in 1997 (just two years after VHD e.V. was born) Scottish Craft Brewers have been following constitutional targets - to name only three of them:

- to further the development of craft brewing in providing training and information to its members
- to help beginners to progress from kits to full mash
- to provide mutual support

There is a monthly midweek meeting to discuss brewing matters and the year's highlight is the “Annual Competition” of tasting beer and awarding the best hand-crafted beer.

FÖRENINGEN SVERIGES OBEROENDE

Småbryggerier

In November 2008 some enlightened people were fed up with industrial beer and founded this Swedish organization.

The members of 12 founding breweries took a look at beer “culture”.

The decision was clear:

Working together as partners, not as competitors, to fight against industrial beer.

Since then 35 breweries have joined the association and have been developing into globally respected breweries.

Many beers of *småbryggerier* are awarded at [www.ratebeer.com](http://www.ratebeer.com)

The year's highlight is:

Ölfestivalen Stora öl – små bryggerier (The beer festival of great beer – from tiny brewery)
